Well you can tell it is the new year and the competition is on for the traveling plaque! Right out of the gate several chapters were at the Chapter H meeting in Shelbyville on January 4th. 2019 could be an interesting year!

How are your ride schedules looking for this year? Are you considering your membership and the different type of riders you have in your chapter? To be a success we have to find the sweet spot for our membership. At Wing Ding Anita spoke about finding what fits the needs of your chapter. Does your chapter like to ride long distances? Do they like the weekly ice cream rides? Maybe they like to take weekend trips or maybe a leisurely ride on Saturday morning. Whatever it is, make sure when planning your riding schedule this year you take all these things into consideration.

Not only do we need to think about riding, but what are you doing to create fun and energy within your chapter? When the members are enjoying themselves, they will come back. Don't forget to keep the fun as a top priority. Riding and fun will keep your membership strong and will encourage growth which all of us need in our chapters.

We are looking forward to seeing everyone at the Ops meeting on February 23rd.

Happy New Year Everyone!  
Leah and Rick Cridlin  
KY Assistant District Directors

Medic First Aid Corner

If your Chapter needs Medic First Aid Training, please complete the documentation to request training and submit to Jeannie our District Trainer. We will work together to get a class scheduled for you.

I would like to share with you this month an article written by Clara Bolt, Director of University.

## Oh, the Places You will Go!"

"Oh, the Places You will Go" a Dr. Seuss quote seems to fit Training in GWRRA. Our own mind takes us to places that we could not go in real time. The University modules take us to places we have been and to places that others have been. How you may ask? We use self-discovery, relevance and action-

oriented modules, not PowerPoints to take us to places we may never have been. Self-discovery, relevance and action oriented are the three GWRRA Instructor values taught in the Instructor Training & Certification Program (ITCP).

Self-discovery gives the attendees ownership of the data they receive in the module. The instructor is not teaching, the instructor is facilitating a discussion of the data in the module. Giving you a part of the discussion and therefore, discovering what you knew but didn't know you knew.

The modules are relevant to everyday life, whether it be personal, professional or GWRRA. If the module or seminar you are attending isn't relevant to anything in your daily life you are not apt to attend, unless it is raining or too hot to go for a ride, then you might attend just to escape the elements.

By getting the attendees into action at the beginning and throughout the module they are more at ease and open to what may lay ahead, which in most cases is something new they have never seen in a seminar or a perhaps a new approach to something old.

"Oh, the Places You will Go" when you attend one of the new GWRRA University presentations.

Clara & Fred, Director of GW University

Reminder, please go to the website and submit you requests to schedule a training class for your chapter. University presenters are readily available to assist your chapter. Just give us a call.

Happy New Year 2019

Following is the list of “Approved” Rider Courses for use in the GWRRA Levels Program. If the course is listed as “No” in the “May be taken consecutively for Levels” column, it may be used in the levels, but the next rider course must be a course listed as “Yes”. The courses listed with a “No” are essentially “Track Day” courses and must be alternated with a more traditional course that covers all the topics of safer riding.

Co-Riders may of course also take the “Co-Rider” Seminar.

Courses may be added to this list by contacting the “Director-Rider Course Programs”.

Well we hope everyone had a Great Christmas and look forward to seeing everyone this New Year. As District Couple we hope to get out and visit some, but with Rita's work not sure how much we can.

As District Ride Coordinator I want to thank the Chapter Ride Coordinators that sent in your rides to me each month. Chapter Directors if you don't have a Chapter Ride Cord please ask someone to take this position. They can lead rides and help come up with Chapter rides and then send me how many rides your Chapter does each month. Hope everyone has a great New Year and see You at the District OPP's Meeting.

Happy 2019 and welcome to GWRRA District Ky. We have a great challenge ahead of us and the team to handle it. Going forward we need to put forth our part of making our district one of the best in the nation. Moving forward means a lot of things but one of the most important is to not let the past drag along, slowing down things, causing speed bumps and otherwise not providing an atmosphere or growth.

As for the newsletter, keep the articles coming. WE get a LOT of great information from these and yes, I do read thru them as I put them in the newsletter.
