All the Rallies are behind us, it has been quite a year of riding and fun! I hope all of you have put the Rallies on your calendar for 2020 and plan to attend as many of them as possible. There is always a good time to be had when you are around Gold Wings. Do you have the KY Ride In and the KY Blast on your calendar? If not, those are the first two events you should reserve, KY Ride in, June 5 & 6, 2020 and the KY Blast, August 13-15, 2020.

The weather has cooled off some which makes perfect riding weather for some of us. There are still plenty of riding days ahead, just ask my Rick! Please be aware of the wet leaves on the road, the deer quietly standing on the sides of the road and fog as you are traveling on the beautiful roads of Kentucky. Some beautiful things of mother nature are not motorcycle friendly!

Rick and I are enjoying visiting all the chapters. The friendly competition for the plaque and visitation points is well underway. Make sure to look at your calendars in advance and plan those visits. It gives you something to do, new friends to meet and you might pick up some ideas to bring some fun back to your own chapter meeting.

Here's hoping for a beautiful Fall and safe riding for all!

Hello all, WOW how the weather changes form Hot, Hot, Hot to rainy and cool. Are you ready to keep riding in the change of the Seasons? What do you need to keep safe and comfortable? I found the mesh jacket with the 2 liners work well rain to stop wind the bonus is the pads for shoulders, elbows. and back. It is also layered so If it is cool you can add or when it gets warm you can remove a layer. Glovers you should carry 2 different pair one to keep you warm and waterproof. Your other to keep cool. I know it is starting to become a lot to carry but most of the items tuck away somewhere in the trunk. For driving the road conditions come in to play, Wet roads can assist in skidding so when its raining slow down. Fall is around the corner and the leaves are dropping on the road. The leaves can be slick, and you can slide on 2 or 3 wheels. All I can ask is to be prepared and watch out. Keep safe riding as the year comes to an end.

Another month gone, just 3 more till we are in 2020. What are you plans for riding/sharing/enjoying 2020? How about we plan on riding! And while we are at it, let's plan on writing about those rides, about events that affect us all and send that to your newsletter editor! Ok who knew that was NOT my plan. WE have some great weather for cool weather folks like me and Bev. As of right now we plan on focusing on visitation for the month of November.
