Inside Kentucky

The Kentucky Ride-In is right around the Bend!

The Kentucky District Team hit a real grand slam when they changed up the Ride-In in 2021 by asking Kentucky Chapters to volunteer to host the event. After many years of holding the event at the same venue, it's now traveling the state and offering up a brand new bunch of FUN!

Chapter A is hosting this year and has put a lot of detail and hard work into making this a great event! Don Price has put together an array of rides that just can't be beat, and with Bardstown as a backdrop, we just can't go wrong. If you're not registered yet, make the commitment and send it in. It's going to be AWESOME! The time has come. Let's get together and RIDE!!!

District Directors Report

Rick and Leah Cridlin

Kentucky District
Directors

It's here, it's here, it's finally here!!! Riding season is finally officially here! I have focused a lot on the Ride-In and Blast in my last few articles, so I will start off with those now, but I want to talk most about riding. We are continuing to receive registrations for the Ride-In, which is being held in Bardstown June 3rd and 4th, and we anticipate a great time being had by all. Chapter A has really done a fantastic job planning this and Leah & I hope that you will take advantage of their work and join us. The Blast is close to being finalized and you can find updated information on the District Website at www.gwrraky.com. We hope to have examples of the T-Shirt available at the Ride-In for you to see in person and will post a picture of what they look like on the website soon. The Blast is being held August 25-27 in Danville and we are pleased to be hosting an ARC (Advanced Rider Course), TRC (Trike Rider Course), and a CPR/Medic First Aid Course on Sunday, August 28th, following the Blast. Come on out if only for one day and prepare to have a lot of fun!

Now for the riding. I was fortunate to get a head start on riding this year when a group of 6 from Chapter G loaded 3 bikes and 2 trikes into trailers and headed to Texas where we spent 6 days riding, which included Hill Country, the Twisted Sisters, and a quick ride through of Luckenbach. Unfortunately, we didn't see Waylon, Willie and the Boys. We spent a day at the Pacific War Museum and the Admiral Chester Nimitz facility, which was well worth the time. We clocked over 1,600 miles on the bikes/trikes and had a great time.

I have had the opportunity to visit a couple of chapters on the bike so far, and have plans to make it to every chapter at least once this year. Leah and I made a trip to Gatlinburg with some non-GWRRRA friends a couple of weeks ago and introduced them to the Tail of the Dragon and some other great riding that the Smoky Mountains have to offer. I even saw a bear on two separate occasions! Speaking of the Smoky Mountains, that is where I currently find myself, sitting in our Hotel room writing this article after riding down yesterday and taking two different rides in the late afternoon and evening. I put another 434 miles on the bike yesterday and I call the miles of smiles, because anyone who has ridden down here knows it is beautiful. We are here for the Tennessee District Spring-Fling, which has felt like the official start of riding season for Leah and me for the past several years. We never get tired of it.

The Chapter Directors and their staffs have been working hard to put together a ride and activity schedule for their chapter. Please show them how much you appreciate their efforts by taking advantage of their labors and participating. Participating is where the fun is and the more you participate, the more fun you will have. That formula really does work!

Leah and I look forward to riding and participating with you. Stay safe and have fun!

Stay safe and have fun!

District Educator Report

May is Motorist Awareness Month.

This month I would like to share an article from Bruce Luhrs, the NH-VT District Educator. It is a first-hand account of something we all face every day. It is reproduced in its entirety below with his permission.

Rick Artmayer

District Educator

“They Looked but Failed to See”

The mission of the GWRRA Motorist Awareness Program is “To Facilitate A Reduction in Motorcycle Accidents through the Education of the Non-Motorcycle Riding Public”. For Motorist Awareness Month, I’d like to share information about the most common type of car-motorcycle accident classified as a looked-but-failed-to-see crash.

While on a ride last Fall, I collided with a driver who made a left-hand turn in front-of me into his driveway. He appeared to have stopped to let me pass, but at the last minute turned into me. I was wearing a high-vis jacket, a full-face helmet with high-vis markings and riding my GL1800 Gold Wing with the headlight on. We were the only two vehicles on a long stretch of straight road. The driver said, “he never saw me”. Because we believe in the GWRRA’s safety mantras - ATGATT and Rider Education, I avoided serious injuries.

My wife, Sue, was baffled by the fact that “he never saw me” and spent some time researching why these types of collisions are so common. There is a very real psychological phenomenon causing this. Inattentive Blindness is defined as “a person is missing critical information even when their eyes are focused on the road ahead”. There are two contributing factors:

- It can happen when you are very focused on only one thing while driving. For example, if you become hyper-focused on reaching an exit or turning into a driveway, you can miss other things happening around you on the road.
- Inattentive Blindness is also called Perceptual Blindness. Our brains cannot process every detail of our surroundings all the time, so it concentrates on what is expected to be in our surroundings. In other words, people do not always see new and unexpected things that suddenly appear within their visual field – like motorcycles! As many as 92% of households do not own a motorcycle. So, we are a rare group of 8%. Plus, we do not ride all the time, especially here in the Northeast when riding is seasonal. People do not expect to see us!

There are a couple ways we can combat this dilemma – ride more and promote Motorist Awareness by displaying Check Twice – Save a Life ©, Motorcycles are Everywhere bumper stickers.

Sue and I will be in touch with each of the NH-VT District’s Chapter Directors to discuss our plans to distribute some bumper stickers. These purchased from Paul Cote at <http://www.checktwice-savealife.com/> whose mission is to help raise awareness of drivers sharing the road with motorcycles by displaying bumper stickers, signs and other products aimed at reducing motorcycle accidents, injuries, and fatalities. While thanking Sue for our order, Paul also thanked GWRRA members for promoting motorcycle safety awareness aimed at reducing accidents and injuries, and all the positive reflections the owners of Gold Wings generate in the riding community.

Oh, the Places You will Go!"

"Oh, the Places You will Go" a Dr. Seuss quote seems to fit Training in GWRRA. Our own mind takes us to places that we could not go in real time. The University modules take us places we have been and to places that others have been. How you may ask? We use self-discovery, relevance and action-oriented modules, not PowerPoints to take us to places we may never have been.

Self-discovery, relevance and action oriented are the three GWRRA Instructor values taught in the Instructor Training & Certification Program (ITCP).

Self-discovery gives the attendees ownership of the data they receive in the module. The instructor is not teaching, the instructor is facilitating a discussion of the data in the module. Giving you a part of the discussion and therefore, discovering what you knew but didn't know you knew.

The modules are relevant to everyday life, whether it be personal, professional or GWRRA. If the module or seminar you are attending isn't relevant to anything in your daily life you are not apt to attend, unless it is raining or too hot to go for a ride, then you might attend just to escape the elements.

By getting the attendees into action at the beginning and throughout the module, they are more at ease and open to what may lay ahead, which in most cases is something new they have never seen in a seminar or a perhaps a new approach to something old.

"Oh, the Places You will Go" when you attend one of GWRRA University presentations.

Reminder, please go to the website and submit you requests to schedule a training class for your chapter. University presenters are readily available to assist your chapter. Just give us a call.

Hints for using the District Website Events Calendar

In a recent District Team meeting, some question came up about how to use the Events Calendar on our website. The main question was how to find events in the calendar. I hope this article will help with that question.

Roger Early
District Webmaster

The Events Calendar can be found at: <https://www.gwrraky.com/events-calendar/>. The page has some text at the for the Ride-In and the Blast and then it has a Google Calendar that shows the various events. The calendar includes all of the chapter gatherings as well as District events such as the Ride-In and the Blast. If chapters want to include some of their rides on the calendar, our District Ride Coordinator, Don Price, has sent instructions to the Chapter Directors and Ride Coordinators on how to get a ride included on the calendar. As shown below, the calendar has three tabs in the upper right corner that can be used to show the data by the Week or Month and also includes an Agenda tab that shows a list of the events.

If you chose the Agenda tab, you will see the following:

The screenshot displays the Google Calendar interface for the GWRRR KY District. The calendar is set to the 'Agenda' view and shows a list of events from Monday, May 2 to Wednesday, June 29, 2022. The events are listed in a vertical scrollable list, with each entry showing the date, time, and event name. The events include various chapter meetings and district-wide events like the Kentucky District Ride-In. The interface includes navigation controls at the top (Today, Monday, May 2) and a menu for view options (Print, Week, Month, Agenda). At the bottom, it indicates the time zone is Eastern Time - New York and provides a link to 'Look for more' events.

Events shown in time zone: Eastern Time - New York

If you click on one of the events, you will see more details about that event.

In the Agenda view, you can scroll up to see previous events and you can scroll down to see future events. As you scroll, the browser may need to load more data in the view. Once the data is loaded, you can use the “Find” feature of the browser to search for events. As the browser loads more data as you scroll, you may need to start your search again so the browser will search all the data that has been loaded. I would suggest you scroll up or down until the browser has data for the time frame you want to search and then start your search.

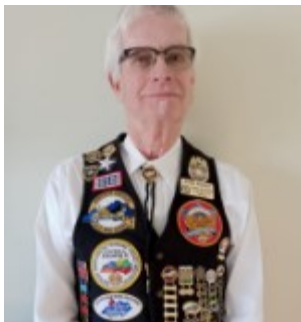

As an example, if you want to see all of the Chapter A events for 2022, scroll up until you see January 2022 is included and then scroll down until you see all of December is included in the view. Once you have the data loaded, start your search and you should be able to find all of the chapter A events for the time frame you need. Once the search is completed, you should be able to scroll through the calendar and each time the search string was found, the string will be highlighted.

District Webmaster—Continued

I have tried the Chrome and Edge browsers on Windows as well as the Chrome browser on my iPhone and iPad and have been able to find the data I am looking for. Your results may be different on other browsers. It is also possible that the browsers or Google calendar may change but hopefully the search feature in the Agenda View will not be removed.

Please let me know if you have any suggestions or questions about the calendar.

District Pins and Patches

John Keiter

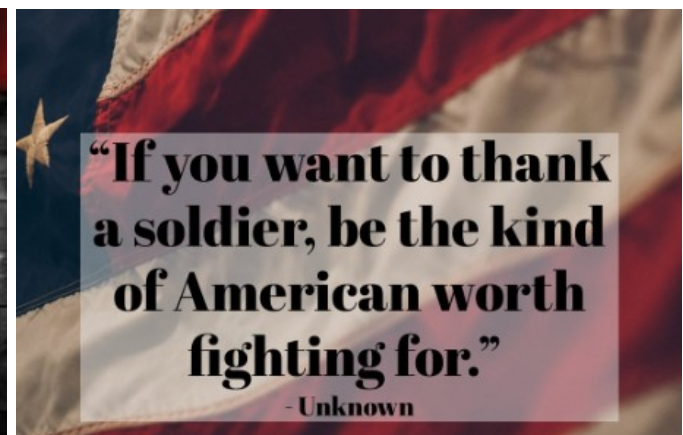

District Pins and Patches

Greetings to all!

Riding season is actually here, Spring Fling is in the rear view mirror and the Ride In and the Blast are on deck.

Make sure that you have what you need to represent! See your Chapter Pins'n'Patches coordinator to get what you might need.

Don't forget to wear your hearing protection.....once it's gone, it's gone.

District Membership Enhancement

**Dave and Roxie
Wilkinson**

District MEPC

There are a large number of GWRRA events for members to take advantage of starting with our own chapter get-togethers, chapter visitations, chapters riding together to meet with other chapters for lunches, and then continuing on with District events. These events give us the privilege of meeting with old and new friends and enjoying great rides on our two and three wheelers. That's a real benefit of our membership in this great organization. We are "Friends for fun, safety and knowledge".

We still stay in touch with our GWRRA friends in Minnesota who we still consider to be extended family and we're making new friends in Kentucky who are becoming our extended family here. We have a boatload of fun when we ride together and when we meet or eat together!

Speaking again of GWRRA events to attend, we might start with the Tennessee Spring Fling which was held in Pigeon Forge on April 28th through the 30th. We know that a lot of Kentuckians were probably there and had a very good time. (This is written in MID APRIL.)

Next on our list will be our District Ride-in June 3rd and 4th in Bardstown which will be hosted by the 'sunshine' yellow clothed members of chapter A! They have planned some great rides and some fun things to do at the event site. They have put a lot of hard work into this and it'll be a great time. You can still register to attend, so if you haven't done that, please register soon.

Now we can also register for the "Blast" which will be held in Danville on August 25th through the 27th. That'll be a wonderful time for meeting with friends and for going on beautiful group rides! There will be some fine educational opportunities to take advantage of in addition to the TRC and ARC and Medic-First Aid classes. We will be selecting a new District Couple of the Year and honoring current Chapter Couples and Individuals of the Year!

We can all register for the "Blast" now so please plan on having a lot more fun and learning and riding (and eating) with our friends in GWRRA.

And that's what it's all about!!

Allen and Lisa Merritt

District COY Coordinators

District COY Coordinators

Hey everyone! We can't wait to see you all at The Ride-In. It looks like we are going to have a great turn out for The Blast as well. Plans are in motion for the selection process on Saturday morning. Please also ask your Individual of the Year to be there, as we will be recognizing them also. Plan on doing a meet and greet Friday night. The place and time will be determined.

Getting to know these couples better has been awesome. We have some great people in Kentucky. I know Allen & I don't get to go much, but we are here to help anyway we can.

GWRRA Level System

Basically there are four levels:

1. Safety by Commitment
2. Safety by Education
3. Safety by Preparedness
4. Safety by Enhanced Commitment and Preparedness

Gold Wing Road Riders Association

Rider Education Levels Program

"THE BUILDING BLOCKS OF RIDER EDUCATION"

Each level requires that you are a member of the GWRRA and you have completed the previous level. The rider and co-rider requirements for each level are as follows:

Level 1: Safety By Commitment

Rider and Co-Rider requirements:

- The expressed commitment of the Rider or Co-Rider to strive for and practice safe riding.

Level 2: Safety By Education

Rider requirements:

- Have 5,000 safe miles.
- Have a current motorcycle license.
- Have completed an approved on-bike Rider course within the past three years.

Co-Rider requirements:

- Have 5,000 safe miles.
- Have completed an approved Two-Up Rider course or GWRRA Co-Rider seminar within the past three years.

Level 3: Safety By Preparedness

Rider requirements:

- Completed a formal approved on-bike Rider Course within the past three years.
- Maintain current First Aid, CPR **or** MEDIC First Aid certifications.
- Carry a First Aid kit on the motorcycle.

Co-Rider requirements:

- Completed an approved Two-Up Rider course or GWRRA Co-Rider seminar within the past three years (a sanctioned PLP is not allowed to be used for this Level).
- Maintain current First Aid or CPR **or** MEDIC First Aid certifications.

Level 4: Safety By Commitment and Preparedness

Rider requirements:

- Have been current in Level III for at least one full year.
- Have ridden a minimum of 25,000 safe miles.
- Be current in both First Aid **and** CPR certifications.
- Wear proper riding apparel at all times while riding.
 - *Proper riding apparel, a.k.a.: proper riding "gear" will include, at a minimum, a DOT (FMVSS 218)/Snell (M2010) / ECE 22.05 approved helmet (approved standard applicable to the local area), eye protection, long sleeved jacket/shirt (no "riding pull on/off sleeves"), long legged sturdy pants, full fingered gloves and over the ankle footwear. Some have coined the acronym ATGATT standing for All the Gear, All the Time.*

Co-Rider requirements:

- Have been current in Level III for at least one full year.
- Have ridden a minimum of 25,000 safe miles.
- Be current in both First Aid **and** CPR certifications.
- Wear proper riding apparel at all times while riding (see definition in the Rider section above).
