## GWRRA KENTUCKY

### Inside Kentucky

Even with all the announcements about GWRRA floating around the state, gatherings and visitations still continue, enforcing the idea that, for now, nothing has really changed all that much. Chapter Y visited Chapter K, and Chapter G took a weekend trip to visit Chapter T.

Rick and Leah took advantage of the visit to swear in Buddy and Jeannie McKenzie as Chapter Directors and after the gathering, everyone was treated to a preview of the location for the 2023 Ride-In at Jenny Wiley State Park.

## **District Directors Report**

Hello Kentucky! I'm sure you have all heard the big announcement from GWRRA by now. I was at Wing-Ding and heard the announcement in person and have been researching our options ever since. I know many of you are researching and questioning as well and I encourage everyone to please be patient and not rush to make any decisions until we sort things out. I have remained in contact with the district staff and chapter directors and will continue to provide them with updates as new information comes in.

What does all this mean for the individual member? In a nutshell it doesn't have to mean anything and business can continue as usual if that is what you want. The only things we are losing as individual members by GWRRA closing is the rescue plan, Wing World Magazine, and the discount programs. Everything else can continue to be used, including pins, patches, logos, training material, and everything we enjoy by participating with our chapters.

From Chapter and District levels, we still have the insurance protection and Not For Profit status through the end of the year. This means that the Blast and everything associated with it are continuing as planned. We currently have more people pre-registered than we did at this time last year, and we expect that there are more to come. Please continue to check the website at [www.GWRRAKy.com](http://www.GWRRAKy.com) to get the most up to date information.

We remain committed to our members and are taking our time to process all the information that is coming in concerning possibilities for moving forward. I am finding that most information you are seeing on social media are just opinions or ideas from individuals, or even wishful thinking on how to proceed. I am personally committed to finding out as much as I can so that I can make an informed recommendation to be passed on to the members about the future of Kentucky. I am learning that some things that have been posted are just plain false, while other information is being closely held while facts are being checked and verified before it can be disseminated. I pledge to only tell the truth and speak of the facts as I know them. I will do my best to dispel the rumors, and I again ask for your patience as we all sort through everything we are seeing and learning. As of now we have until January 1<sup>st</sup>, 2023 before we have to do anything. Leah and I currently have a planned Zoom Call with the District Staff and Chapter Directors on August 1<sup>st</sup>, to discuss the options as we now see them. I know that this newsletter will most likely be published afterwards, so please stay in touch with your chapter directors for updated information. Our goal is to have a recommendation in place by October 1<sup>st</sup>, to give us 3 full months to take care of anything that has to be done so that we are ready to roll forward on January 1<sup>st</sup>, when we lose the current GWRRA insurance and IRS status.

## District Directors Report - Continued

Please don't take any of this information to mean that your opinion doesn't matter or won't be considered. Leah and I are taking our leads from information we get from your chapter directors, so please continue to share your ideas. We welcome any and all input and suggestions, and pledge that our recommendation for moving forward will not be a personal decision, but a professional decision that we feel is in the best interest of Kentucky as a whole. It will be up to you as an individual whether or not you agree with us and want to continue on, or take a different path. In any case, please understand that we value you, and we respect you.

Until next time, please continue to enjoy each other and all the activities your chapter and the district have planned. Ride safe!

Kentucky Assistant  
District

Well the 2022 Kentucky Blast is just a few weeks away. This year the Blast will be going full BLAST on Thursday with the vendors and other things starting at 9:00 that morning. There are already a lot more people registered as of the first part of July than last year, like always the rush comes the last few weeks.

Please pray for the people in the St. Louis area and also Eastern KY due to the flooding they received the last few days.

As far as GWRRA, the organization, goes things are not locked in for sure yet. There is a group that plans to buy it and start back up. LOTS AND LOTS OF RUMORS STILL GOING AROUND!! If you don't hear it from Rick, our District Director, I'd wait on believing it, just to be safe.

LET'S GO HAVE A BLAST!!

## District Educator Report

I hope everyone is having a great summer and enjoying the knowledge gained from past and continuing educational experiences within GWRRA. Yes, I know that the Home Office is officially closed as you read this, but all the Rider Ed programs are still operational through the end of 2022. I just participated in a Zoom call on July 18<sup>th</sup> for Educators in our area. The Director of Rider Education, Susan Huttman, was the facilitator and was very candid and open with the facts as they are known at this time. She has ordered the entire GWRRA inventory of the Rider Ed pins and patches to be delivered to her home for proper distribution as needed. I will be double-checking my inventory and ordering additional items as required. Please be assured that if the patches exist, and have yet to be claimed by a Member, I will be able to get you what you need .

Please feel free to continue to check the database or contact me to check your file to ascertain what you are qualified to receive. Any Rider Ed courses you take can be added to your file and help to keep you current. Please continue to send the course completion cards to me, and the course rosters too. One thing that has changed is that I am no longer able to input the data, but I can get it to the responsible person and have it entered. I can still see everyone's records, and I can help you understand why you have the status you do. If I can't, I will ask the Rider Ed team and get the answer for you.

At the end of this month, there will be several courses and seminars offered at the KY Blast in Danville. We have secured enough instructors for the ARC and TRC so everyone will have the feedback they require for a great experience. Our own Alan Ernest has promised to participate in the event as well. Whether you find them at the Blast or somewhere else, I hope you will take advantage of any courses offered. Knowledge is power. Be "power-full" and ride to success.

The catalog of leadership skills, rider safety topics and individual life skills Modules and Seminars will be available for presentation by qualified instructors, upon request, once the catalog is updated to reflect the changes resulting from the closing of Gold Wing Road Riders Association. The practices established by GWRRA to certify the instructors are the standards the University wishes to continue. The Instructor Training and Certification Program (ITCP) will still be available. Pins and patches signifying your status as an instructor will be available. The entries to the Rider Ed database of Series 100 Classes and Instructor re-certification dates will continue to be processed. # TELL US WHAT YOU THINK

The changes that have occurred within our organization have raised many questions and brought us new opportunities. To assist our District leadership in making the correct decisions for the state of Kentucky, we are asking our Kentucky members to complete this survey and tell us what you think.

Your answers will be held confidential and results will be entered into a spreadsheet that can be easily deciphered. Each member is asked to respond: riders and co-riders.
