State Directors Report

Hello Kentucky! Here we are looking at June and by now most, if not all of us, have had the bikes out and started racking up the 2023 miles. I have managed to keep the dust off mine and as I write this article, I am anxiously awaiting and looking forward to the Ride-In. Buddy and Jeannie McKenzie and the Chapter T team have put together a great program of rides and attractions for the weekend and I can't wait to participate. I hope as you are reading this article, you are able to reflect on the great time you had. If you weren't able to attend, we still have a lot more activities throughout the year, either at the State level or at the Chapter level. Remember, you are a member of Wing'D Rider and able to participate with any and all chapters, so take a look at all the different websites and find something to do with your fellow members and friends. The more you participate, the more fun you will have. I can personally attest to that.

Another great way to get out riding and having fun, either by yourself, or with others, is to solve the crossword puzzle Donita Nardi, and her trusty sidekick Ron Harper put together. I completed the last two of them and had a great time exploring and learning a little more about Kentucky. I haven't started on this year's yet, but I do have it plotted, and a plan to have it completed by the Blast. Even if you know you won't be able to complete the entire puzzle, just getting a few of the clues is a great reason to ride, with both a destination and a purpose. It is a little challenging, but a lot of fun!

Speaking of the Blast. We are a little behind in getting the registration out, but everything is still going forward for a great weekend in Danville. Keep checking the State website at www.kyroadriders.org for more information and the registration form. Our webmaster, Roger Early, does a fantastic job of keeping everything current, so check it out often. You can also access the chapter websites from there.

In last month's article I mentioned that I was planning on going to Johnson City, Tennessee for the Tennessee Spring Fling. I was really anxious to see how this goes, because this rally has been the start of my rally season for so many years in the past, but it was in a new location and under a different organization. I had a great time and glad to report that I didn't receive any negative comments because we went with Wing'D Rider instead of the other organization. I felt welcomed and had a fantastic time riding in that beautiful area. Unfortunately, I didn't make it to closing ceremonies, because I lost track of time while out riding that day. Did I mention that the area is beautiful? I will plan to go back again next year and I encourage you to join me. Please encourage your friends from other states to join us for the Blast and any future activities you feel they may be interested in. I promise you that they will be welcomed with open arms.

Stay safe!

The other day I was making a pre-trip checklist for the Ride In and realized I would need to update my Garmin Zumo 590 GPS that was purchased for our trip to Wing Ding 38 in Billings, Montana. It had been several months since I used it last, so I was thinking it would need an update. Normally a straightforward process, this time the update took a few days.

The first step to update the GPS is to connect it to the computer. Normally, the display comes on and within a few moments the image of a connection to a computer appears, followed shortly by the computer providing an audio confirmation of successful connection. This time there was no sound and the screen was very dim showing a depleted battery symbol. I then opened the Garmin Express application on the computer as this is the

required tool to transfer the updates. Garmin Express could not find the GPS. I tried several different cords to be sure I had a data cord (some USB cords are only for power), and that the cord I was using was making a good connection. After verifying my cord was good, I opened the battery compartment and reseated the battery connection (one of the weak points of the 590). After having no luck, I decided to leave the GPS connected to the computer and head to bed.

The next day I was available to check the issue again. Now when I opened Garmin Express, the GPS was found quickly. The display on my Zumo was also much brighter than the day before and showed the proper image. So on to the next step. I downloaded the update and directed Garmin Express to install the data into the Zumo. After the usual check to verify the device would accept the update, a little window opened that I had never seen before, with a message I had not read before, indicating the update was too large for the built in memory to manage. It offered the suggestion to reduce the update to only a small map region or install a memory card. Out of luck yet again, I used my Prime account to get an SD card on the way for tomorrow and went to bed.

I tried again after work the next day and successfully installed the update. Thinking about the process to understand what happened and what I could do better for the next time, I realized there are some similarities between keeping the GPS updated and keeping ourselves updated as motorcyclists.

The first thing I realized is it is important to keep our equipment maintained. Our most important piece of equipment may be our bodies, and if we do not maintain our “batteries” by eating right and exercising, we will not be ready when it is time to be updated with latest information.

Second, we need to know our capacity for doing things and we need to be prepared with additional capacity in case of the unexpected. We never know when an event will test our limits and we need to have a cushion of extra time, equipment, etc., ready to prevent delays.

And third, patience is important to reaching our goal. Every task, every journey can include unforeseen roadblocks. Sometimes things will just take longer than expected. Failing to plan is planning to fail, so sticking with the plan will eventually yield success.

We made it through another month and have celebrated our annual Ride In. Chapter T did a wonderful job putting it together and a good time was had by all. Between the food and the rides, and the perfect weather, what a great weekend we had!

Miles was able to bring both mascots to the Ride In and Chapter G's Couple of the Year won it. Steve from Chapter Y won the Individual of the Year Mascot. Both will be available this week at their respective meetings.

Dan led the riders for the Hatfield and McCoy Ride on Friday that was a hit by those attending. Thanks, Dan, for leading! I lead a group down Rt 194 to the Virginia line for a great ride. We all wound up at Cloud 9 Restaurant that afternoon for dinner. The food was good as expected.

The Loretta Lynn Ride was definitely a hit as everyone toured the old homeplace. Webb Grocery garnered a lot of attention. The scenery was perfect as we rode the backroads.

We had several rides to various locations for all to enjoy. Jeannie took care of Wingo, our executive chefs (Rick, Jerry from Chapter G and Dean from Chapter K) cooked up a great dinner with Leah setting us up with strawberry shortcake! Yuuummmm!!!!

Back to MEPC, remember to support you Couples and Individuals as they compete for the mascots. I know they don't want to ride alone and should not have to. Let's get out and have FUN with them!

State Treasurer

Hello Kentucky State Members,
We would like to thank everyone who came to the 2023 Kentucky Ride-In in Prestonsburg, KY. We had a great time!! Chapter T did a great job organizing the beautiful rides/food and the ride to Loretta Lynn's home. Thank you so much – it was a good time by all.

We wanted to share with everyone the lucky winners for the (2) 50/30/20 Raffles that took place on Friday, June 2 and Saturday, June 3, 2023. Our first raffle took place on Friday, June 2 won by Chapter G members – they were:

State Couple of the Year and COY Coordinators

Hey Guys, we have been out riding in this great weather!! Kent and I joined Chapter S on their ride to the Rattlesnake Saloon in Tuscumbia, Al. There were a few unforeseen incidents, but it was beautiful weather and an all-around great time with some awesome people and guess what ya'll?? We ran into a few critters as well.

Kent and I are super happy to see the Mascots out and about and the Couples and Individuals having fun with them.

2023 Kentucky Crossroads

It's back! The 2023 Kentucky Crossroads is up and riding! This year will be a real challenge, but the scenery will be worth the effort. I have checked the coordinates, but if you see something that doesn't look quite right, please let me know.

BE SAFE! GET RIDING!! HAVE FUN!!!

October Spook-tacular

The Jack o' Lantern Spectacular is an indescribable event in Louisville, KY. There are 5000 carved pumpkins on display, it is really beyond comprehension. It is at Iroquois Park and the walk is 1/3 of a mile (scooter/wheelchair/stroller accessible). The cost is approximately \$15.00 per person + fees. However, after the new year I will be calling to see if we can get a group rate.

We thought this would be a fun social weekend for the district/state to come together for some low key fun. We would attend the Jack o' Lantern Spectacular on Friday night (13th) and Saturday night the 14th, socialize at the campground.

We have reserved campsites and cabins at the KOA Louisville South Holiday Campground 2433 Hwy 44, E Shepherdsville, KY 40165. 502-543-2041. Reservations are a 3 night minimum, October 12-14, 2023.

For those that don't camp, there are hotels at the exit of the campground. This way the hotel folks can come visit with the campers for socializing. We did not get blocks, but the pricing is very reasonable for you to shop which hotel you prefer to stay. Hotel reservations can be made at any time.

Garden Inn, 130 S Lakeview Dr, Shepherdsville, KY 40165

Best Western 211 S Lakewood Dr., Shepherdsville, KY 40165

Super 8, 275 Keystone Crossroads Dr., Shepherdsville, KY 40165

Motel 6, 144 Joe B Hall Ave., Shepherdsville, KY 40165

If you have any questions, please contact us, 859-534-5292 (h). A deposit is required when making reservations at the campground. They are only holding the campsites/cabins until Jan 1st. October is the busiest month of the year for this campground, we were lucky to get this many sites.

We hope you have interest in joining us. Please let us know when you have made your reservation so we can keep a list of who is attending. If you are local to the area and won't be camping or hoteling and want to attend the Jack o' Lantern Spectacular please let us know that so you can be added for the group ticket pricing.
